Name:			
School:		District:	
Grade Level(s):		Subject(s):	
Date Developed:			

The purpose of the Self-Assessment is to allow educators to reflect on their practice, identifying their own professional strengths and areas of development. Your Self-Assessment will lead directly into the development of your Professional Growth Goals. Before completing the Self-Assessment, review any prior evaluations (especially last year's), including feedback from your prior evaluation, as well as the competencies in the Teacher Professional Practice Rubric and Professional Responsibilities Rubric. The areas of strengths and areas of development should be aligned with competencies in these rubrics.

Self-Assessment– Professional Practice

Using the Teacher Professional Practice rubric, for each domain identify at least one competency as a strength and at least one as an area for development. Using previous evaluations and any other relevant information, provide a rationale for why you chose these competencies.

Professional Practice Strength (EXAMPLE)		Professional Practice Area for Development (EXAMPLE)	
EXAMPLE – 1c	<p><i>EX: On my previous evaluation, I earned an “Exemplary” rating on this competency with my evaluator commenting that “Nearly every student in the classroom is engaged in their work but not all are working on the same thing. The level of student choice in your class is impressive - it is clear that they find meaning in their work”.</i></p> <p><i>Also, in my end-of-year student surveys last year, 90% of my students reported that they felt connected to the topics in class and 87% reported that they felt they had choices in their learning activities. This is something I spent a great deal of time working on last year and was the focus of one of my professional growth goals.</i></p>	EXAMPLE – 1c	<p><i>EX: On my previous evaluation, I earned an “Emerging” rating on this competency. My evaluator commented that “Many students are reading books that are either too difficult or not challenging enough. Several opportunities exist to connect students to the curriculum through available technology but are not being utilized.”</i></p> <p><i>In addition to my evaluator’s comments, I know that I can do a much better job of matching students to text using lexile ratings. Using our new SRI computer program, I can update student reading levels regularly and use them to better individualize reading materials.</i></p>
